

# Maths Faculty

Subject selection for year 10

# Common themes in Maths

- You will improve your ability to map out pathways to solutions, make decisions and communicate reasoning across a variety of mathematical topics.
- All year 10 maths subjects:
  - require you to have a BYOD laptop
  - have online homework to complete
  - have assignments and exams
    - In Essentials you actually have more assignments
- You will need to manage your time and develop initiative to complete assessment and study outside of school time
